

VACCINES AREN'T JUST FOR KIDS, THEY PROTECT ALL GENERATIONS

As you get older, a healthcare provider may recommend vaccinations to help prevent certain illnesses.

COMMONLY RECOMMENDED VACCINES FOR OLDER ADULTS*

- Flu
- COVID-19
- Pneumococcal
- RSV
- Td or Tdap Booster
- Shingles
- Travel vaccines
- Hep A/Hep B

WHY VACCINATE?

Protect yourself from disease

Protect loved ones from disease

Avoid costly medical care

Avoid missing out on the things that matter to you
