

VIRGINIA CHILDHOOD VACCINATION SCHEDULE

BIRTH - 6 YEARS

Updated 6/2022

Documentary proof of adequate age appropriate immunization with the prescribed number of doses of the Virginia code-required vaccines is required for school entry into kindergarten. For more information on required vaccines and exemptions, please visit our website: <https://www.vdh.virginia.gov/immunization/requirements/>

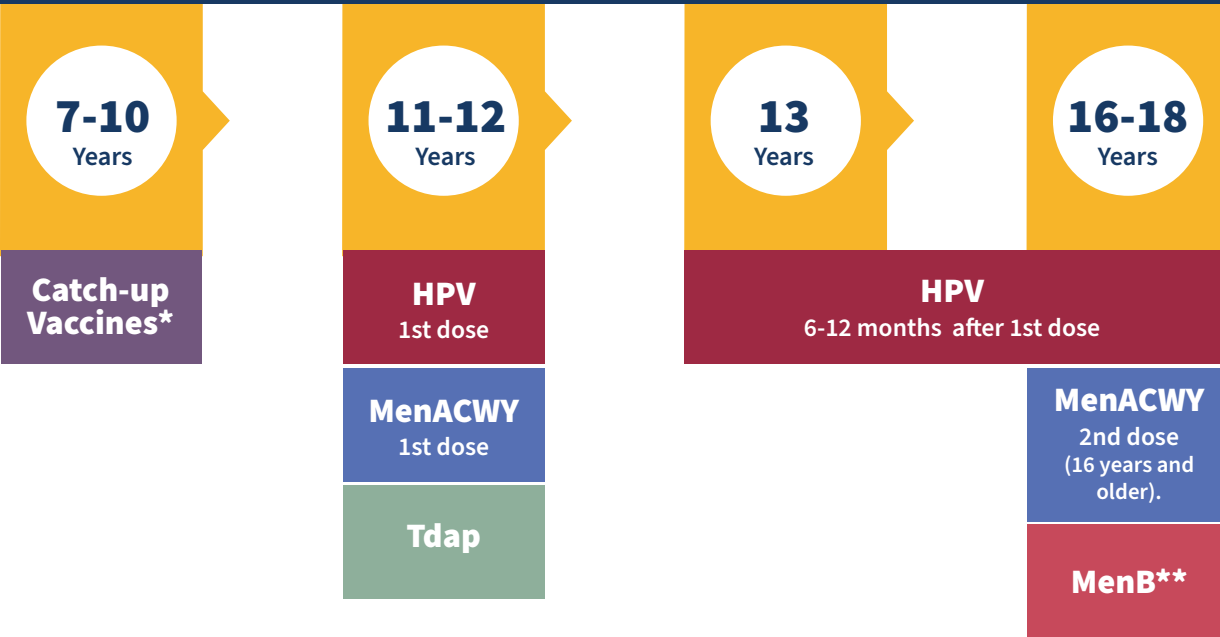

Combination Vaccines
Many vaccines are combined into one shot. This is proven to be safe and effective, helping lower the number of shots your child will get.

Herd Immunity
This protects your community from disease by immunizing as much of the community as possible. This helps protect babies, the elderly, and others who get sick easily!

VIRGINIA ADOLESCENT VACCINATION SCHEDULE

7 YEARS- 18 YEARS

Updated 6/2022

Annual Flu Vaccine For Everyone 6 Months and Older

Vaccine Catch-Up & Dose Spacing*

If your child is missing any vaccines, be sure to ask your provider about the **catch-up** schedule so your child is fully protected. Doses of **MMR** and **Varicella** should be spaced **28 days** apart, should complete by Kindergarten.

HPV Vaccine

The **HPV** vaccine is the **only** vaccine that helps to prevent **cancer!** In **Virginia**, it is required before going to **7th grade**. Please be sure your child finishes the **HPV** series vaccine by age **13**, for the most protection. If your child is **15** years or older at the time of the first shot of **HPV**, they will need **3** doses for full protection. For more information on **HPV** vaccine requirements and the **HPV** vaccine opt-out clause, please visit the following website:

https://www.vdh.virginia.gov/content/uploads/sites/11/2021/03/HPV_Letter_Spring.pdf

Serogroup B Meningococcal Vaccine (MenB)**

Older teens and young adults (**ages 16-23**) can receive the **MenB** vaccine. Talk with your child's **health care provider** to learn if the **MenB** vaccine is right for your teen.

Health care providers - physicians, specialists, physician assistants, nurse practitioners, registered nurses, etc.

School Requirements

The **Code of Virginia** requires children entering daycare, public and private schools to give proof of vaccination before enrolling in school. The vaccines should be given based on the schedule recommended by the **CDC**, **American Academy of Pediatrics**, and **American Academy of Family Physicians**. Please **visit** our website to learn more about school immunization requirements and exemptions:
